Debbie, I've enjoyed knowing you as long as I have. You should have told me about your crush on me in Junior High during the time you had it & so we could have done something about it. I'll never forget you and I wish you the very best

Activities

During a student's life in the school year at WHS, many activities are added to his compulsory textbook studies. Attending plays, bonfires, football games and club meetings are just samples of what a student is given an opportunity to do. The routine class schedule is broken occasionally by educational and gratifying school assemblies, pep rallies and sometimes even for achievement tests.

Although school is for learning, it can also be for fun. Faculty and students join together to make a school as constructive and pleasant as possible. Through this union of the guiding and the guided, the activities of WHS have evolved into an inseparable bond with the educational facets to form a very enjoyable student life.

Students Adapt To Autumn Life

September brought crowded classrooms, exhausting homework, exasperated sophomores, and construction workers. For Weatherford High School, 1970 was a year of expansion. Although many class periods were punctuated with the throbbing sounds of machinery, high school life flourished as students settled back into the old routine of learning.

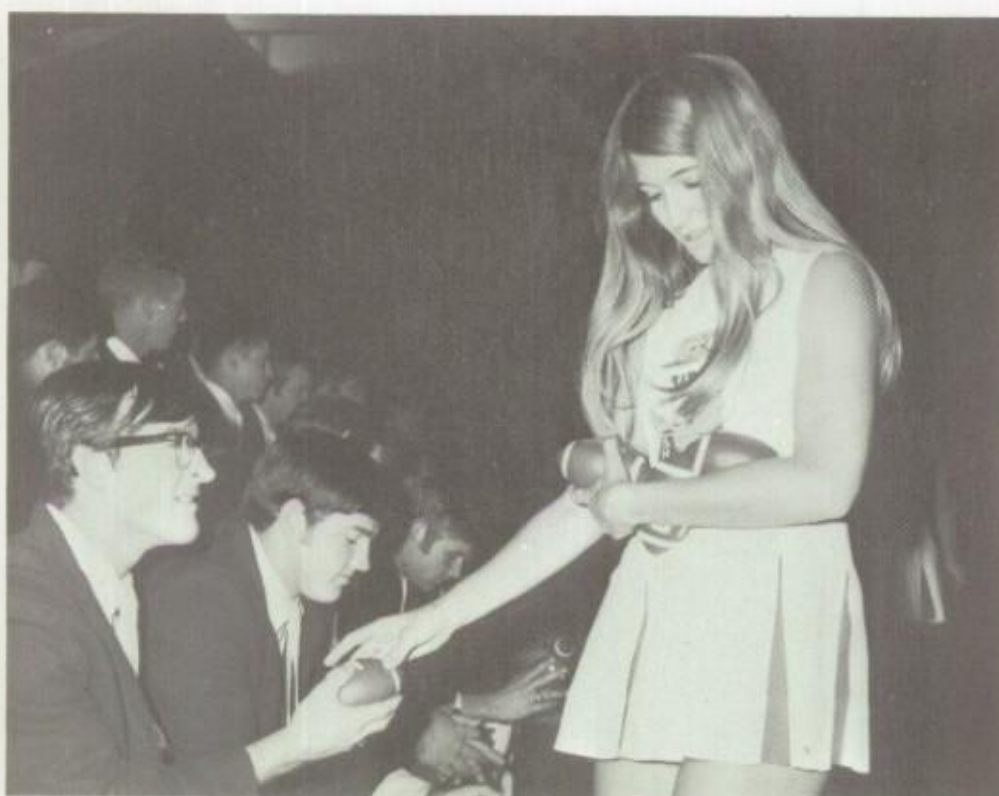

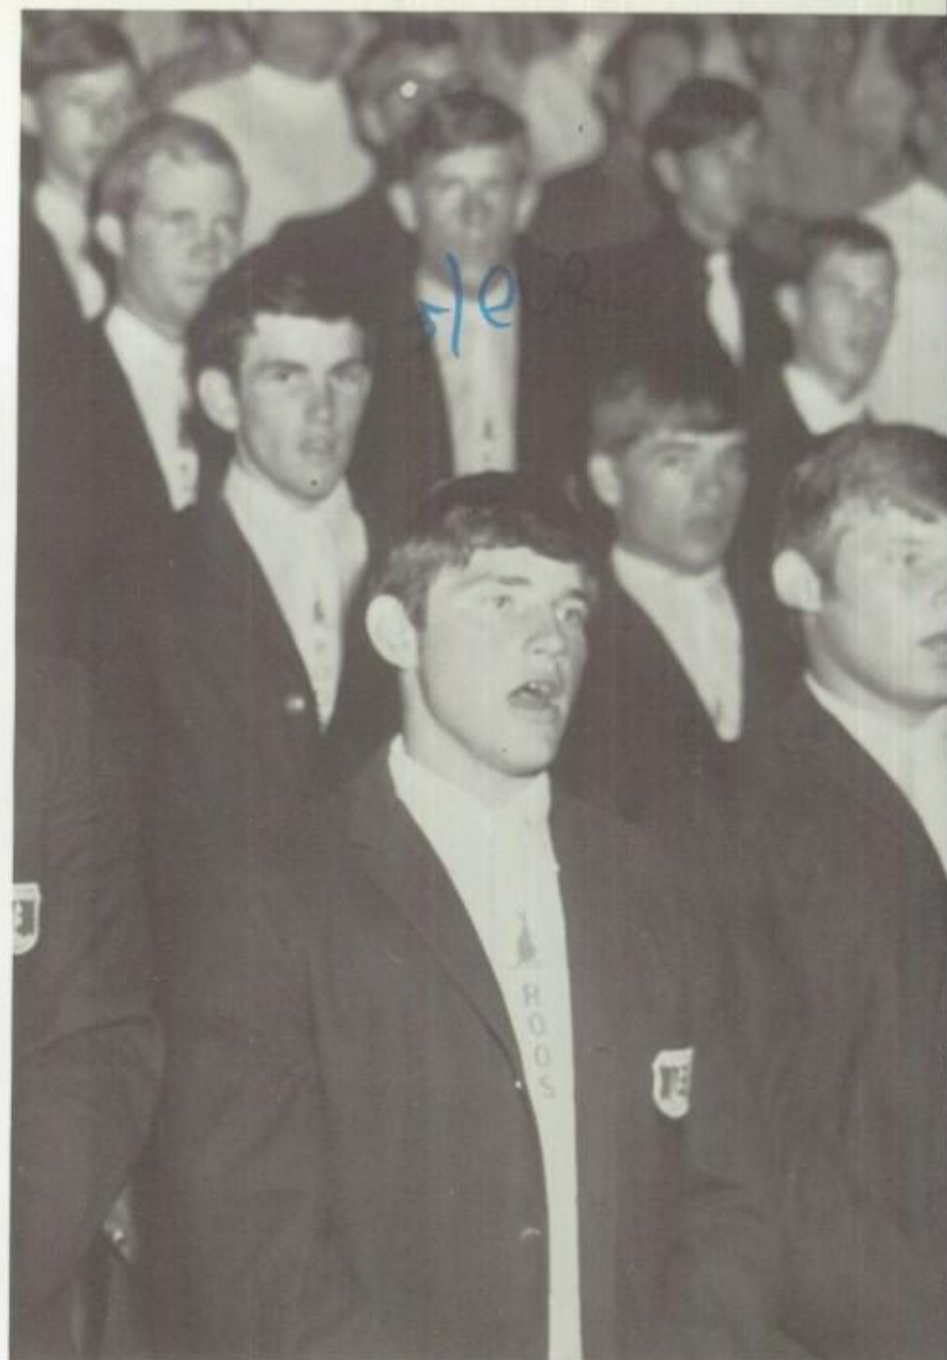

TOP LEFT: An outlet for Robert Gough was the steps to the tennis courts. TOP RIGHT: Donna Gouge realized that satisfaction could be achieved through changing schedules with the aid of Mr. Stockstill and Donna Jones.

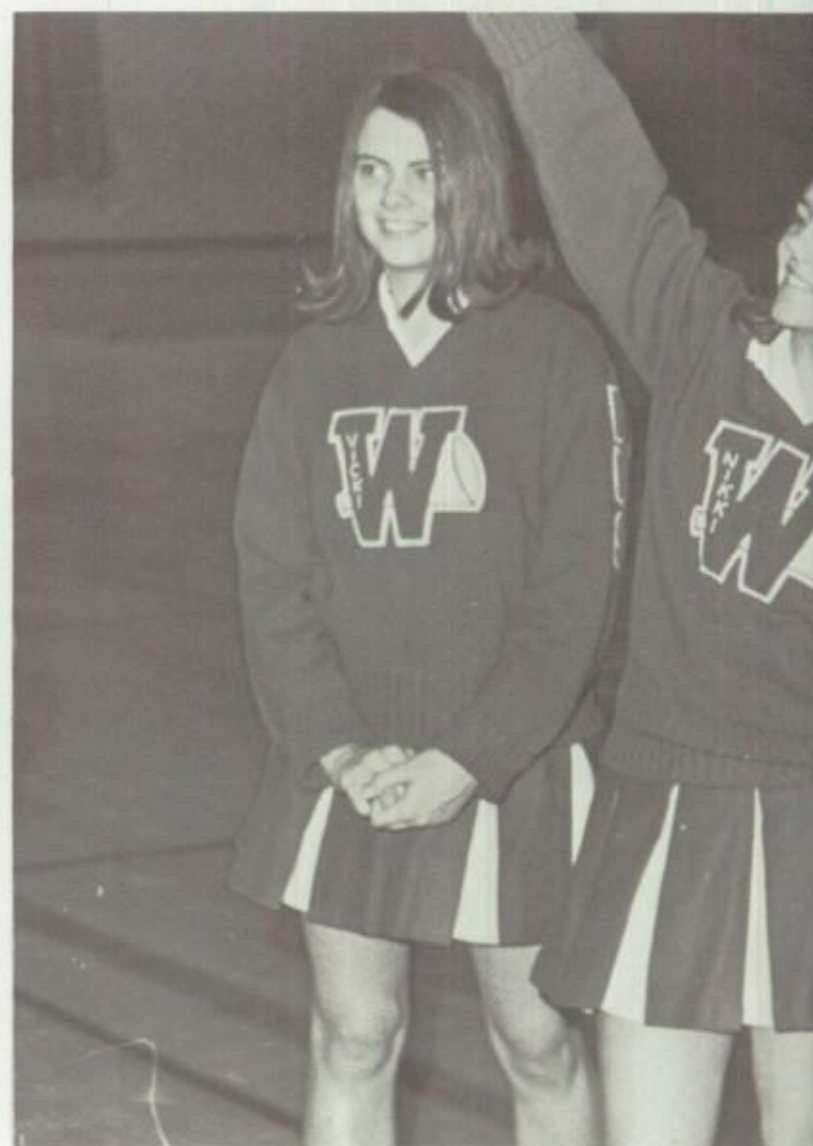

FAR LEFT: The construction of the school interrupted students in many ways. MIDDLE: Feeling as if they were trapped in a maze, the student teachers Jan Reynolds and Brenda Evans taught Senior English. RIGHT: Offensive workout was important preparation for the football season.

Spirit Booms at WHS

Spirit boiled to an all time high at WHS, as the student body surged headlong into the feeling of sports. Homecoming marked a milestone in the football season. After the first Homecoming bonfire was destroyed, spirit rose even higher as students strove to rebuild the new bonfire even bigger and better. Then, on the big night, Homecoming, many girls proudly exhibited their mums to admiring eyes and they proved that the 1969 Homecoming was indeed exceptional.

TOP RIGHT: Showing their loyalty, Holly Warren, Lucky Drew, and other members of the team sing the school song. LEFT: Sharon Lockwood helped pass out blue and white footballs to members of the team. RIGHT: Royce Peters received a gift from cheerleaders Vicki Snow, Nicki Shelton, and Sharon Lockwood for being the first Roo to show his spirit to the "mystery person."

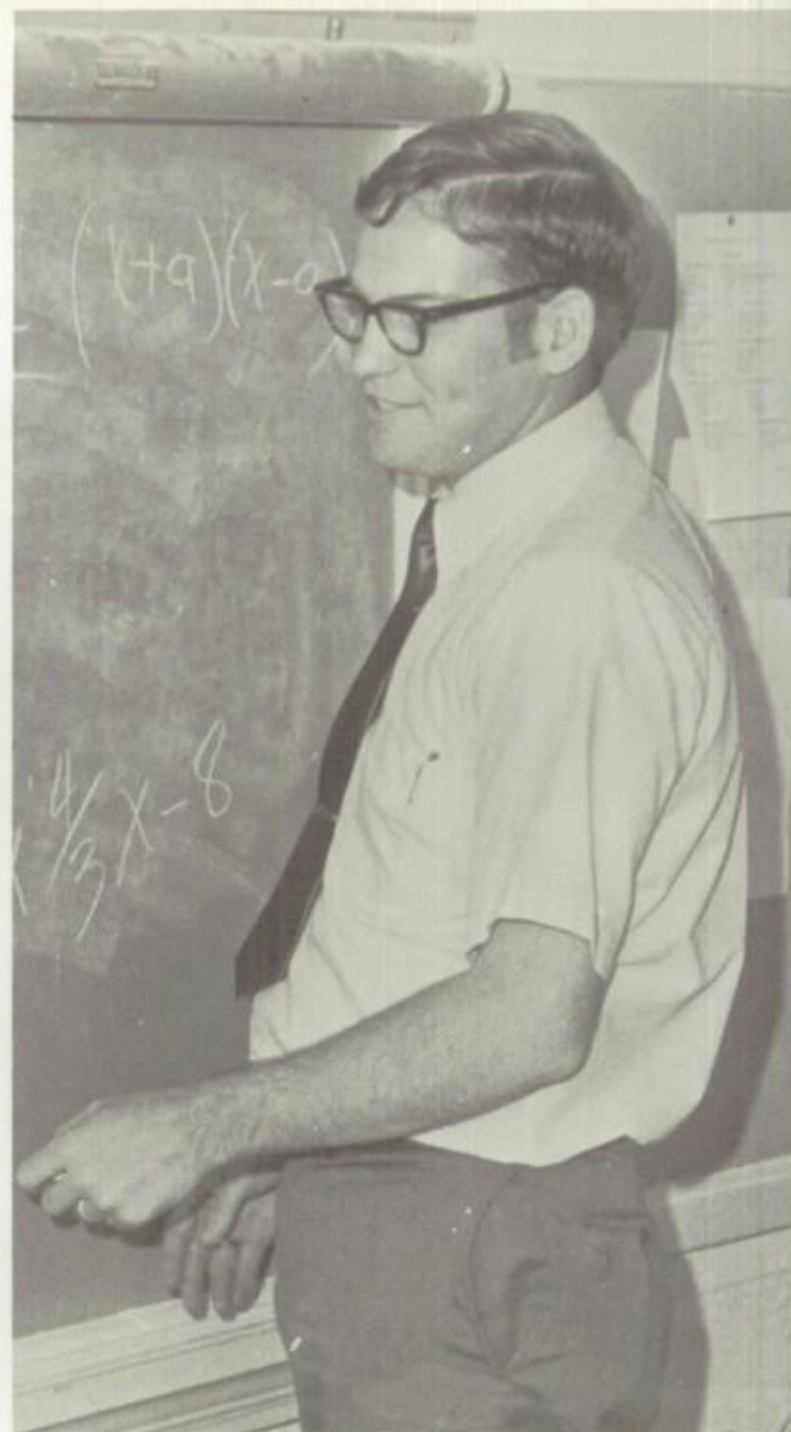

TOP LEFT: The Kangaroo mascot, Pam Barbee, gauges the fluctuating spirit of the Pep Rally. RIGHT: In a few single moments of silence the glory of the bonfire rose to its height.

Various Activities Intersperse Academics

LEFT: The climax of the football season was the annual Football Banquet. TOP RIGHT: One of the new teachers Mr. Fred Wernli, found his first semester challenging. RIGHT: During the Youth Council assembly, Paula Howard, Holly Warren, and Lucky Drew discussed the legal aspects of a Youth Teen Jury.

As the old saying goes "variety is the spice of life" so go the students of WHS. Through assemblies, sports, and elective courses, students vary their daily high school life to make their education interesting as well as informative.

TOP LEFT: Duonna Holbert had hopes of breaking up the Los Hidalgos Pinata Party. LEFT: Ricky Davis tried to shoot while heavily guarded by Ram players. RIGHT: Mrs. Rose Taul worked to increase the volume of the bass section.

Testing Evaluates Students' Abilities

Throughout the school year, class schedules are occasionally interrupted for various standardized tests. Scores from these tests enable the student to better understand and interpret his own potentials in life.

TOP RIGHT: Last minute cramming requires intense concentration for Janet Durham. TOP LEFT: Placing square pegs in round holes proved to be a challenge for seniors Larry Peveler, Bob Hunt, Patrice Hilton, and Paula Howard. BOTTOM LEFT: Juniors toil over standardized tests given by the local employment agency. BOTTOM RIGHT: Kuder Preference tests, given to all sophomores, help students such as Karen Tandy and Denise Mize in choosing future careers.

Melon Vine Queen Reigns: Age of Aquarius

Long hard hours of preparation and planning go into the production of the Melon Vine assembly. Traditionally, the annual coronation of the Melon Vine Queen on Valentine's Day is one of the highlights of the school year, as the Queen and her court are entertained by talented students of WHS. Kathy Westbrook reigned as the 1970 Melon Vine Queen.

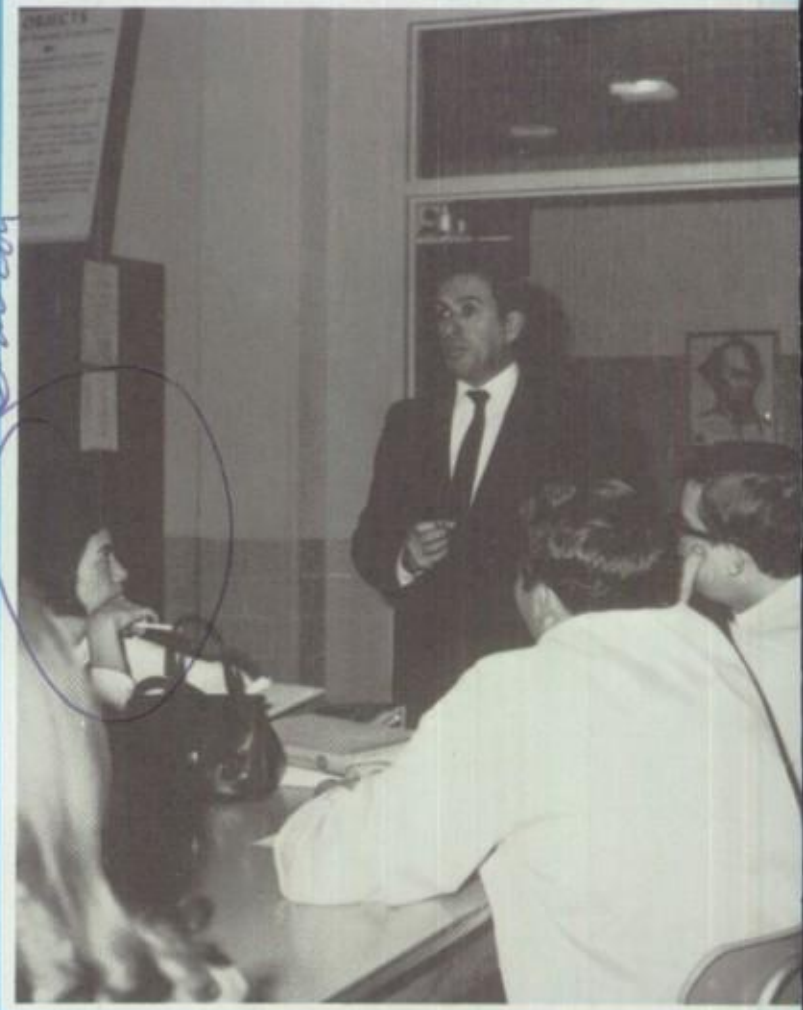

TOP LEFT: Madame Vee (Terri Stuart) foretold the future through Zodiac signs. TOP RIGHT: Members of the Melon Vine Court were Diana Byers, Kathy Westbrook, Brenda Howton, Cam Holbert, and Sherri Mitchell. BOTTOM LEFT: Entertainment for the queen consisted of Carla Carpenter, Vicki Harrell, Patrice Hilton, Cherly Puckett, and Melinda McClung. BOTTOM RIGHT: Larry Jones used his creative ability while painting assembly decorations.

Debbie,

We really had a lot of interesting
programs like the one before. I've really
enjoyed knowing such a wonderful
person as you. Good Luck Always
Sharon

Organizations

Happiness is belonging. Clubs and vocational fields are established to provide opportunities for leadership and membership. The talent displayed by Scorpios and the vitality of those born under the sign of Virgo help to make successful the extra curriculum activities of Weatherford High School. In this section, the Melon Vine Staff tries to express the student as an individual, as well as a part of a group.

Student Council Governs Students at WHS

Under the direction of Mr. Arthur Stockstill and Mrs. Kathy Rutledge, the Student Council strives to permit the students of WHS to have a voice in school government. By demonstrating the responsibility and reliability of the students, the Student Council has shown the Administration that the students are capable of controlling many of their activities. Without the Student Council's guidance, the students of WHS would not have many of the privileges they enjoy. Major events of the school year included Homecoming, Southern School Assemblies, and the Christmas door decoration contest.

This organization of pride and spirit boosted the Roos through thick and thin in all sporting events. Thanks to the drive and zeal of the sponsor, Mrs. Pat Bowers, the spirit of '70 literally vibrated and echoed through the halls of WHS.

Preparation for the 1970 Melon Vine began in May of 1969 as staff members attended workshops and devoted summer days to selling ads. The Melon Vine is a member of the Texas High School Press Association and the National School Yearbook Association, and each year rates high honors in competition. The 1969 Melon Vine received an All Texas Honor Rating from the THSPA and a grade of B+ from the NSYA. Sports

The optimism, strength, and courage of the WHS athlete combined with a great school spirit, provided Weatherford with a successful year in competitive athletics. Hard training and undaunted effort was equaled only by the spirit of the student body. All the qualities from the leadership of Leo to the agility of Aquarius were shown by all those who participated in sports at Weatherford High School.

Personalities

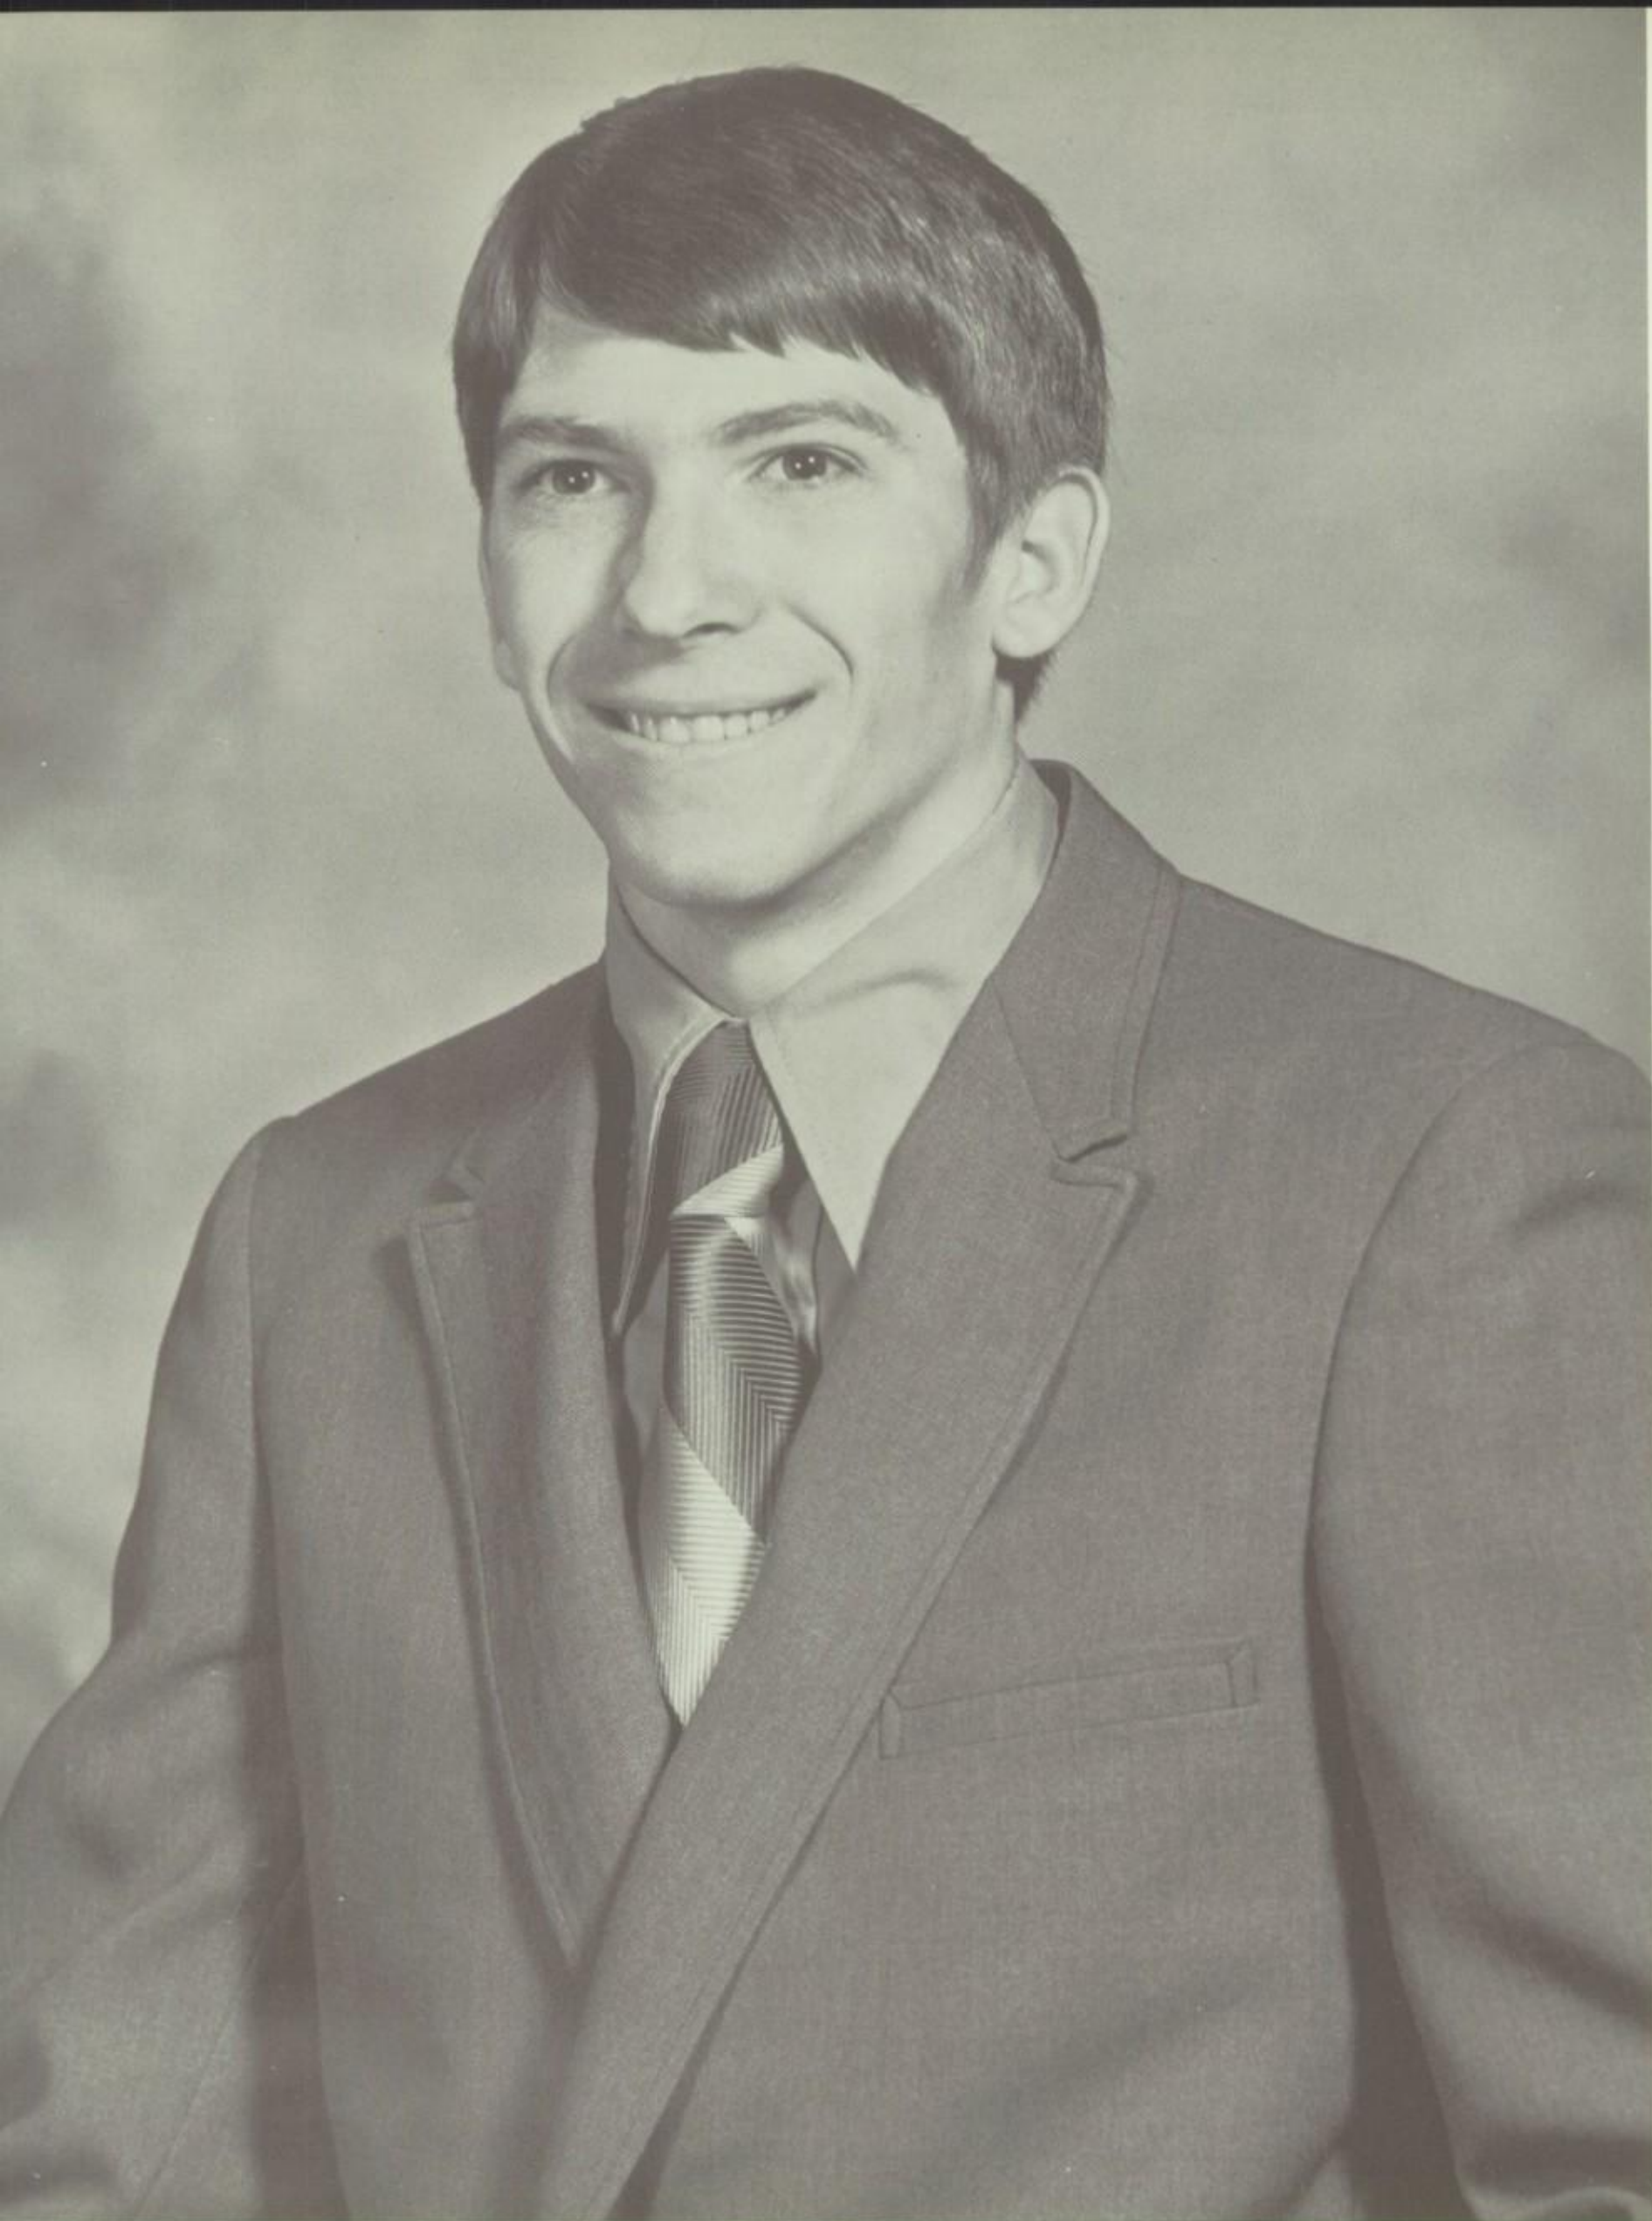

In all walks of life, there are special or gifted people. These people deserve recognition for qualities of leadership, beauty, or service which they perform. Enthusiasm and willingness to sacrifice make them first choice in the estimation of their classmates. The Melon Vine, therefore, features these, the outstanding students of WHS.

Mr. W.H.S. Finds Time for Other Activities

Being elected as Mr. W.H.S. is one of the highest honors a student can receive. Seniors are nominated by the teachers, and then the Student Body elects Mr. W.H.S. from these nominees. Mr. W.H.S. for the year of 1970 was Scott Puryear. Scott was a member of Footlight, F.T.A., and Los Hidalgos. He played varsity football and basketball and lettered two years in both. These honors, as well as many others shows why the student body selected Scott Puryear as Mr. W.H.S.

Miss WHS Elected by Student Body

Being elected as Miss W.H.S. is one of the highest honors a student can receive. Seniors are nominated by the teachers and the student body elects Miss W.H.S. from these nominees. Miss W.H.S. for the year of 1970 was Sherrie Evans. Sherrie, also Homecoming Queen, is a member of F.T.A., Los Hidalgos, and Office Aids. Her many other honors through her school years go to prove why she was selected by the students to serve as Miss W.H.S.

Classes Choose Favorites

Tim Faulk**

**Juniors: Nancy Watson

**Sophomores:
Brenda Howton

Every year, each class nominates one boy and one girl from their class whom they feel would best represent them as Class Favorite.

The Senior Class Favorites were Tim Faulk and Patrice Hilton. Tim, one of the tri-captains of the football team and All-West Texas state player, was also selected to serve as Senior Class Vice-President. He, along with Patrice, are members of the Grass Burr staff, Los Hidalgos, and F.T.A. One of Patrice's other honors this year was her selection as Homecoming Queen Candidate.

The Junior class favorites were Randy Miller and Nancy Watson. Randy played football for two years and baseball for two years, and lettered in both. Nancy participates actively in Tennis, and F.T.A., and Los Hidalgos.

The Sophomore Class favorites were Carl Duncan and Brenda Howton. Brenda, a member of the Pep Squad, F.T.A., and Footlight, was also Sophomore Homecoming Representative, Sophomore Melon Vine Representative, and Track Attendant in her Sophomore year. Carl, who actively participates in D.E.C.A., is restricted to little else in the way of clubs.

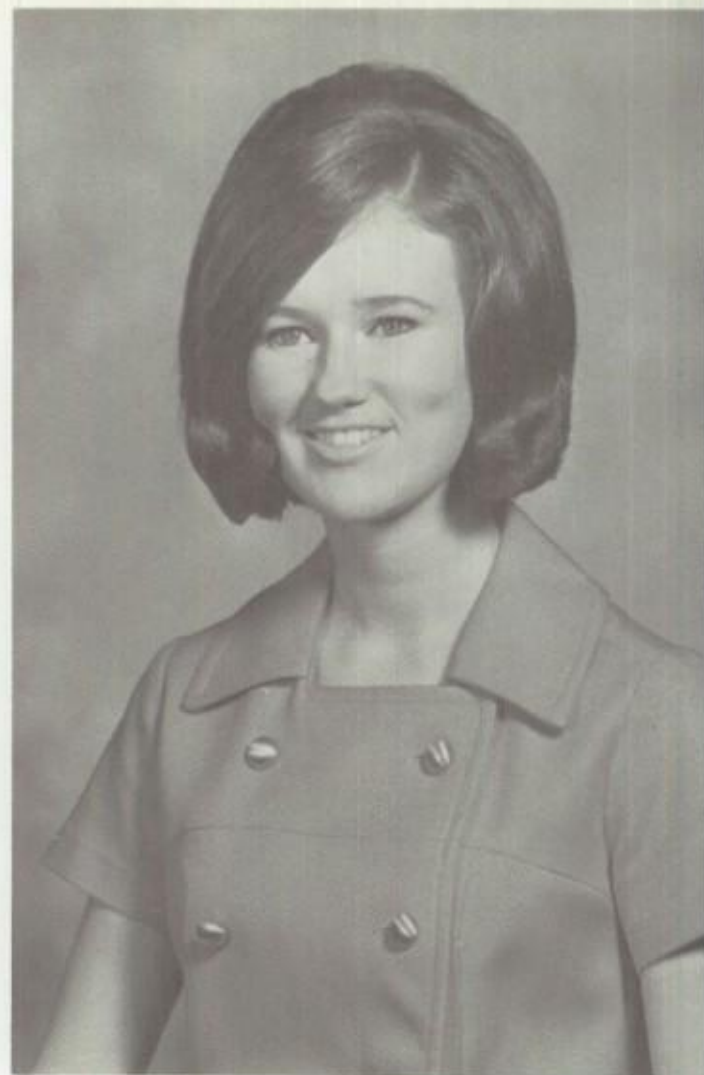

These students, shown by their activities are perfect examples of the type of people at W.H.S. This is one of the reasons they were chosen to receive the honor of Class Favorites.

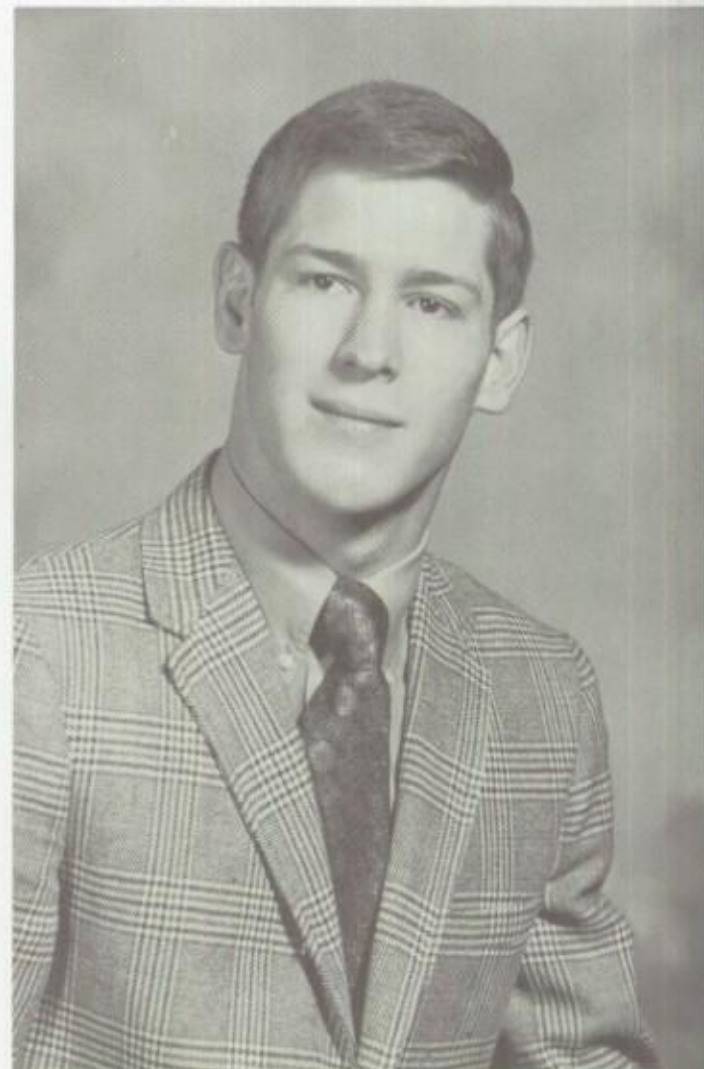

Ten Seniors Named to Who's Who

Each year the faculty chooses outstanding students from the senior class on the basis of scholarship, leadership and citizenship. As active members of school life, these 10 students served as committee heads, officers of various clubs, and performed many other jobs beyond the call of duty. Most members of Who's Who maintained honor grades throughout their high school years.

In 1970, Senior Debbie Jordan was Student Council Treasurer, and member of F.T.A., Los Hildalgos and N.H.S. Her main wish is to attend Weatherford College and major in Elementary Education.

Leslie Heine was Student Council President, played football and basketball, and baseball, and was a member of N.H.S., and F.T.A. Bubba, a senior, plans to attend Weatherford Junior College, and possibly N.T.S.U., and major in Physical Education.

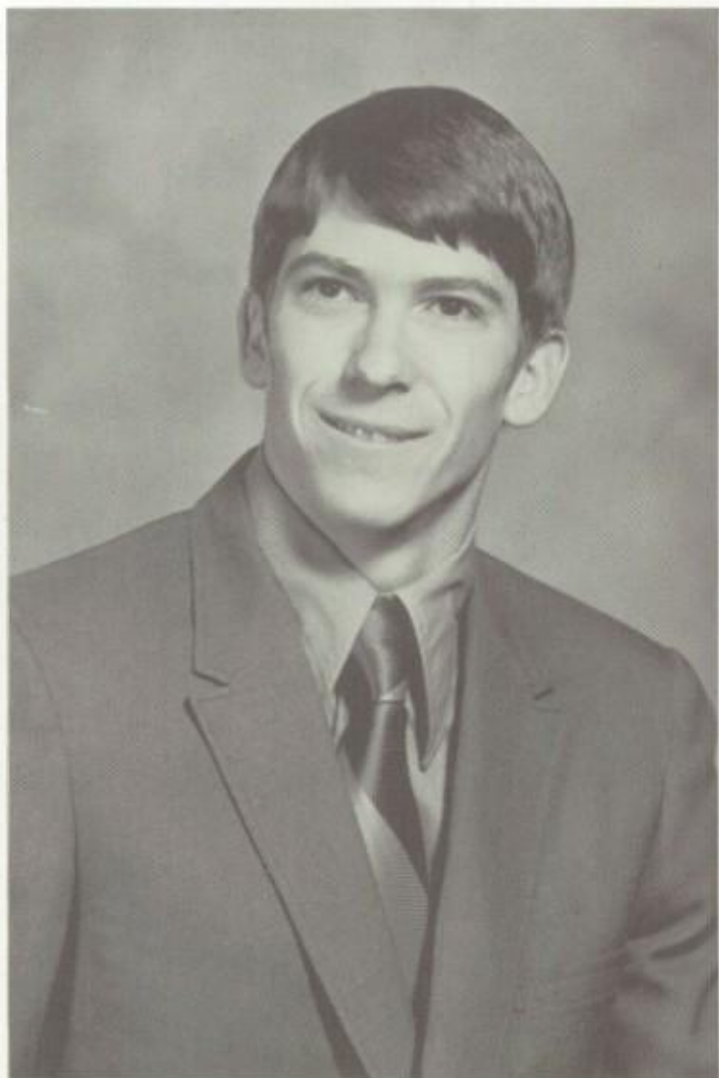

David Noland was Secretary of F.F.A., co-captain of the Football team, member of Student Council, and Young Texan for the month of September. David plans to attend college at the University of Arlington or Texas Tech, and major in Business Administration.

Anna Castles served as Student Council Secretary and was a member of FTA, Footlight and HA in 1970. She is planning to be an English teacher and wishes to attend Abilene Christian College.

Tim Faulk was extremely active in his Senior year. He was voted All-Dist., all West Texas Lineman of the year and was also a tri-captain of the football team. He was also Senior class Vice President, Senior class favorite, and was a member of the Los Hildalgos and FTA. Tim will attend TCU on a football scholarship and will major in Physical Education.

Senior, Scott Puryear played varsity football and varsity basketball for two years and lettered in both. He is a member of N.H.S., F.T.A., Footlight, and Los Hidalgos. Scott is unsure of his college choice, but he is fairly sure that he will major in business administration.

In her senior year, Emily Carnesi was Vice-President of the Band Council, Secretary of the French Club, and Secretary of the Science-Math Club as well as member of N.H.S. She plans to attend Austin College and major in Math and Music.

In his senior year Ricky Keis was Pres. of Footlite and District and State President of F.B.L.A. He was also a member of the Melon Vine Staff, and he plans to attend Weatherford Jr. College and the University of Texas and major in Governmental Law.

*Always
Judy*

Melon Vine was under the leadership of Editor Judy McClendon. Her determination and goodwill were valuable assets to the success of this year's annual. She was an active member of Student Council and TA. Judy's dependability has qualified her to be elected to her second year as Who's Who. She plans to study law at the University of Texas.

Demonstrating her leadership qualities, Penny Hinshaw served as Vice-President of the Student Council where she organized assemblies and school activities. She served also as Sans Souci President and Reporter for Science-Math Club. Being interested in the fields of Science and Math, Penny plans to attend Weatherford Junior College and Del Mar College.

Homecoming Queen
Sherrie Evans

Sherrie Crowned Queen at Half-Time

To Sherrie Evans, one of the highlights of her Senior year was being crowned Homecoming Queen. Sherrie, in her regular school activities, is a member of F.T.A., Los Hidalgos, and Office Aids. She was also selected by the student body as Miss W.H.S. for the year of 1970. These responsibilities, as well as her personality and sincerity were just a few of the reasons for her election as Homecoming Queen.

Seven Seniors Vie for Homecoming Title

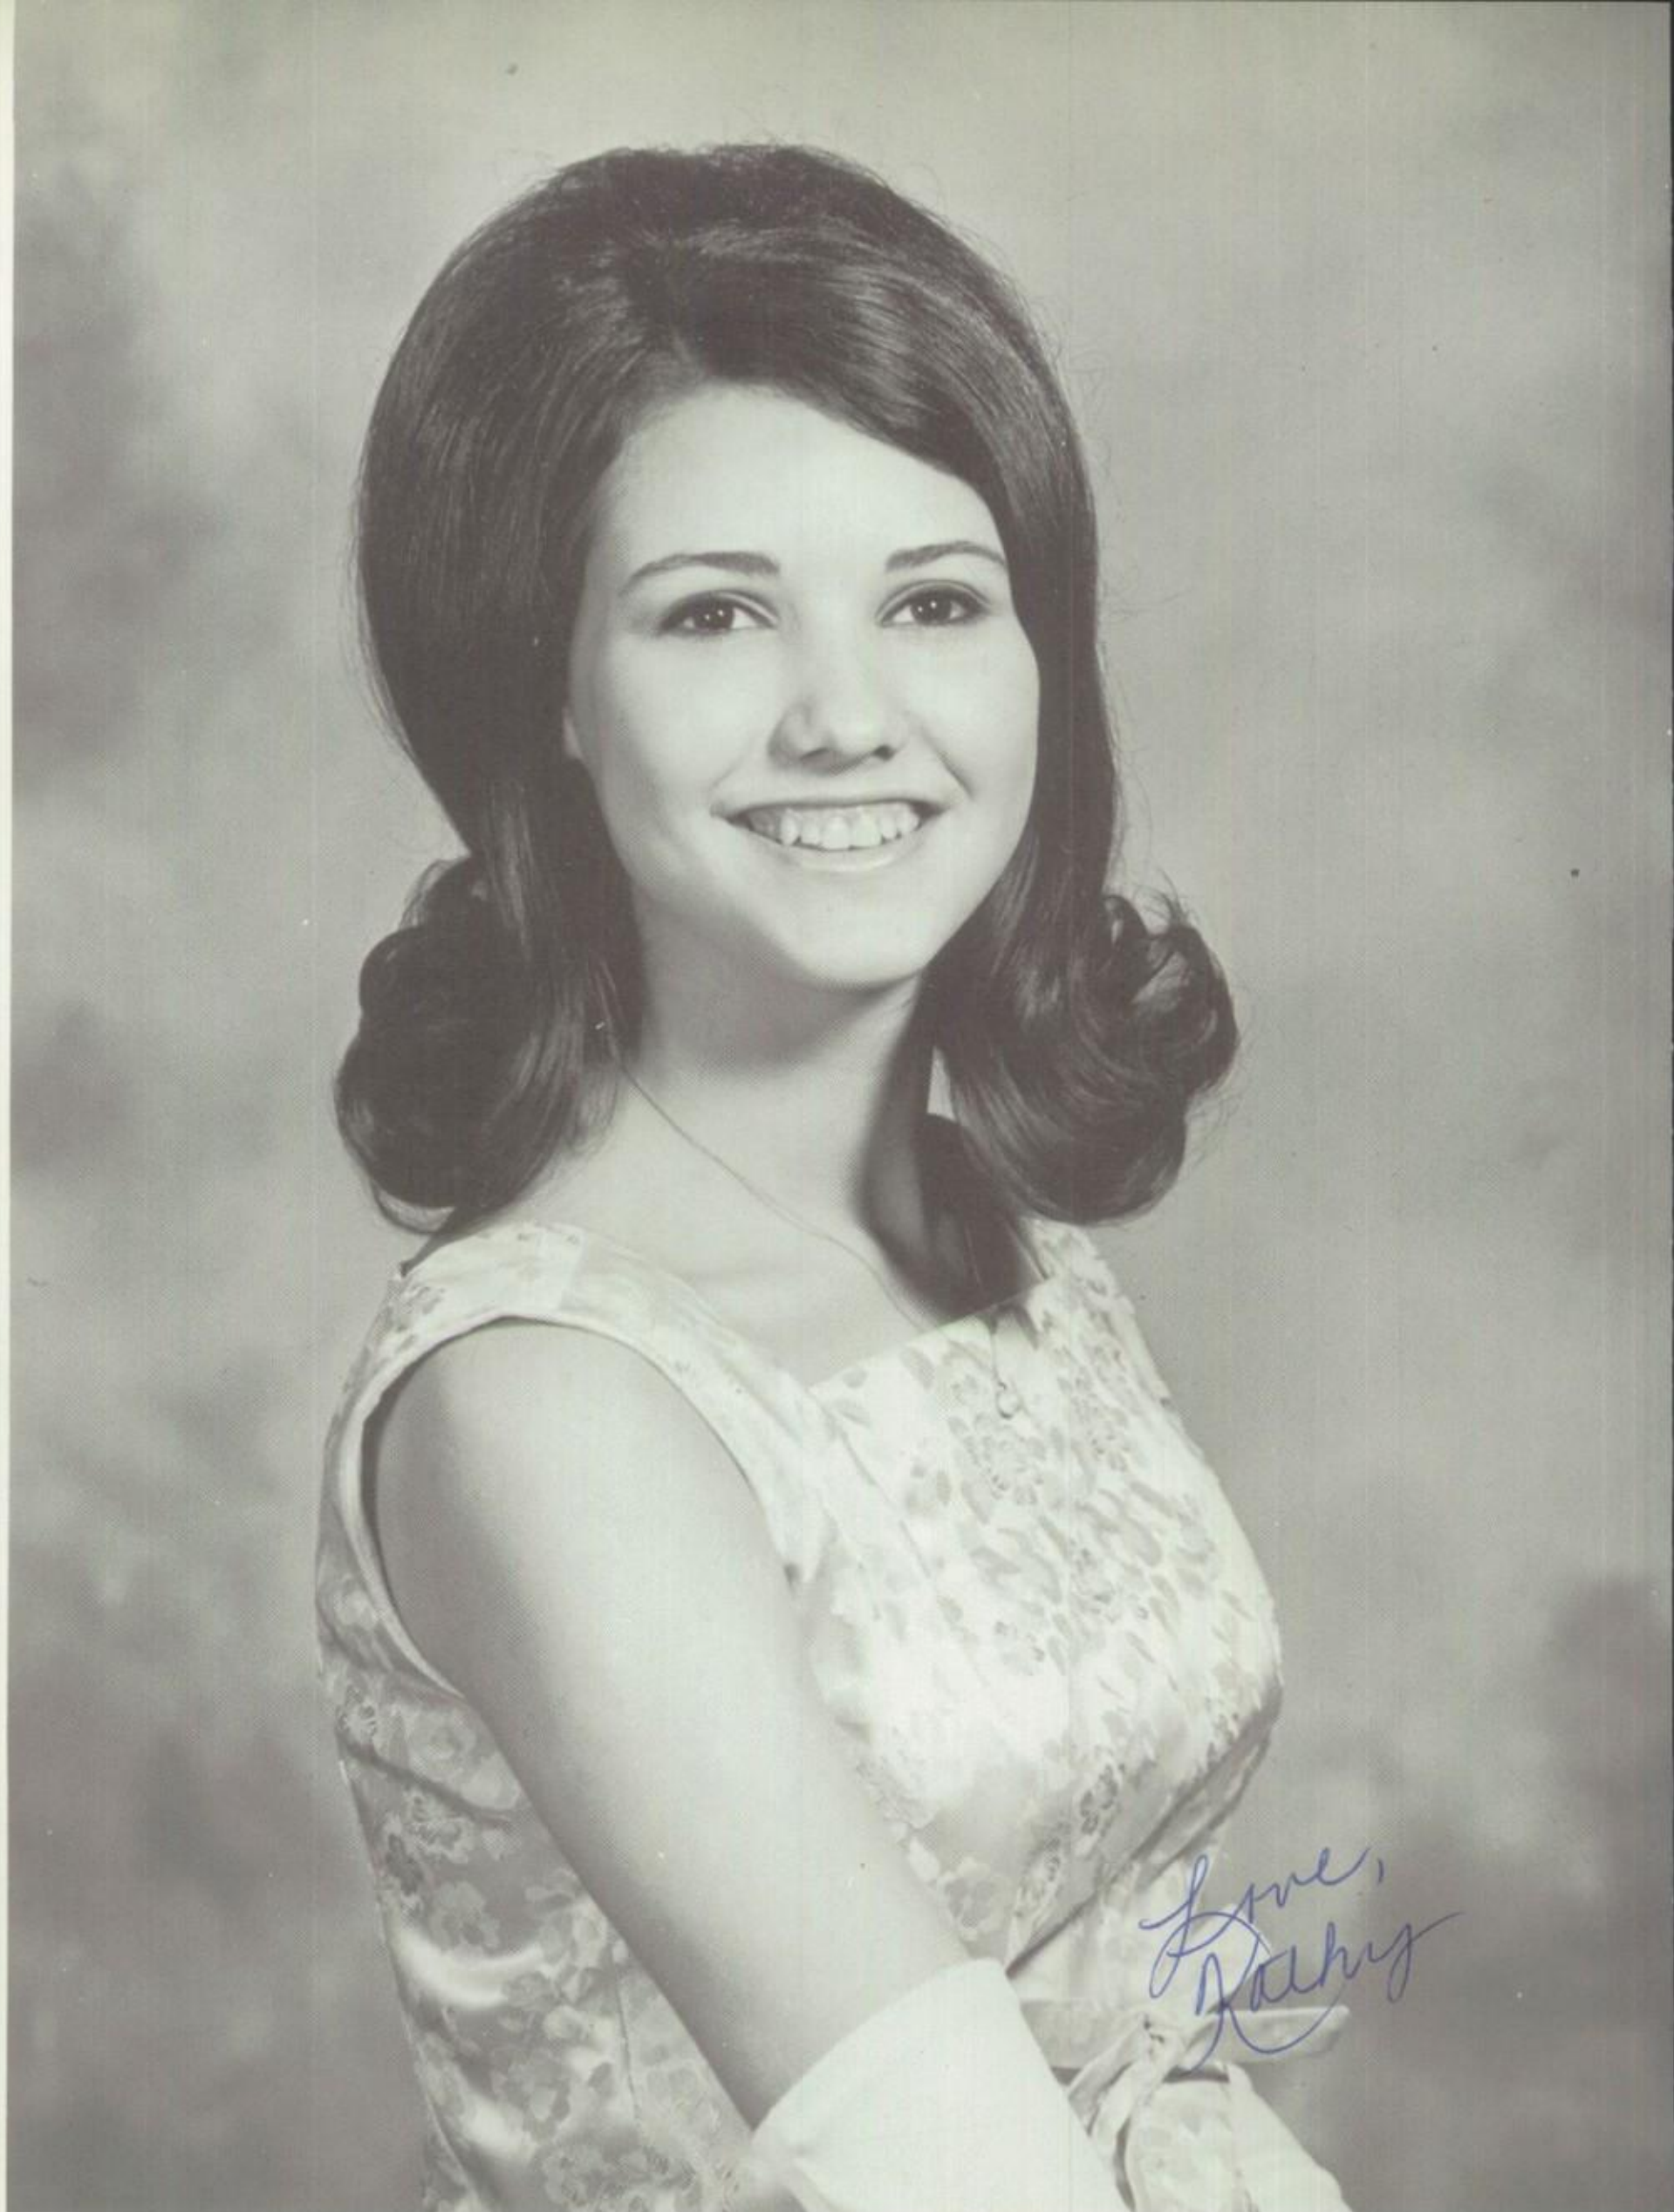

Every year, one of the highlights of the Football season is electing the Homecoming Queen. In every homeroom, students nominate a girl who will be voted on to be a candidate. Each candidate is then voted on by all of the seniors, and thus the Homecoming Queen is selected. This past year, Senior Sherrie Evans, who also serves as Miss W.H.S., was elected the Queen, and Seniors Sandra Smith, Duonna Holbert, Kathy Westbrook, Holly Purvis, Patrice Hilton, and Cheryl Bridges, and Junior Diana Byers, and Sophomore Brenda Howton were her court. She plans to attend Weatherford College on a business major. The other members of her court were Jr. Diana Byers, and Soph. Brenda Howton.

Academics

Teamwork is the key that opens the doors of teachers and pupils. To educate and to be educated is the goal of WHS. Teachers endeavor to lift the standards of their environment, thus helping the students to achieve maturity. This section is a tribute to the faculty and the students: For Seniors it is an honor; for Juniors and Sophomores it denotes aspiration and achievements.

FACULTY

Getting the school year started efficiently was not an accident, but was a result of long hours of planning. Teachers gave us part of their summer vacation in August to start preparing for the next school year. Many were eager to get back to their familiar classrooms and old friends. They tried to make their students feel as school was a "home away from home" and all problems and wonders of life might be solved through understanding.

Superintendent Mr. Raymond E. Curtis

Unlike many people, Mr. Curtis has known since he was a sophomore in high school that he wanted to be a teacher. Mr. Curtis attended the small high school in Allen, Texas, and received both his BS and MA degrees at North Texas State University. In 1954, he became principal of WHS and in 1963, became Superintendent of the Weatherford Schools. As Superintendent he wishes to provide students a greater variety of vocational course offerings and to foster new ideas and techniques. Mr. Curtis, an Aquarian, has such outside interests as fishing and bird hunting.

Board of Trustees

With the enrollment of the Weatherford Public Schools reaching an all-time peak, the Weatherford School Board has given the student of today, as well as the student of tomorrow, a better chance to grow in a well-organized educational system. The school board possess the required qualities of leadership and reliability. Much of their time and effort was spent on the improvement of the Weatherford Public Schools, adding new buildings and programs. Plans are now underway to move the ninth grade to Senior High, paving the way for a four-year comprehensive program. The sixth grade is to be combined with the seventh and eighth grades, establishing a Middle School. Another project is the innovation of new teaching techniques. Certain team-teaching units are being employed this year, and future plans will include the expansion of this technique.

ABOVE: The members of the Board are: STANDING: Mr. Raymond Curtis; Mrs. John Hall; Dr. Richard McIntosh; Mr. Boley Pearson; Mr. Austin Zellers. SEATED: John Merrick, President; Mr. Wyane Carter, Vice-President; and Mr. Truman Noland, Secretary.

Principal Mr. James W. Simpson

When he came to WHS, Mr. Simpson had already had a great deal of experience in school administration. He had taught at Rule High School and then served as principal there for five years. He served as principal at Santa Anna High School for a year, and at Stamford High School for 7 years. Mr. Simpson, born under the sign of Aires, attended high school in Ballinger. He received his BS and MA at North Texas State University. Fishing and hunting, and sometimes gardening are his favorite outside interests.

Mrs. Mary Lou Taylor Secretary

Lending a helping hand to Mr. Simpson and Mr. Smith, was Mrs. Mary Lou Taylor. She gave them invaluable aid with the business functions of the high school. Whether she was answering a phone or mailing a letter, the faculty members knew they could depend on her. Mrs. Taylor's efficiency was recognized when she was presented with a Professional Secretary Standard Certificate by the National Educational Association.

Mr. Gerald Smith **Assistant Principal**

In all probability, Mr. Smith has one of the hardest jobs in the high school, that of discipline. He has to handle disciplinary problems with insight and wisdom. Not only does he try to control present problems, but he must also strive to prevent future disturbances. Mr. Smith, showing Libra qualities, works well with his associates. After serving two years in Korea, Mr. Smith came back to the teaching profession.

Counselor Mr. Arthur Stockstill

MRS. WILMA SIMPSON
Counselor's Aid

In all high schools, problems other than discipline inevitably develop in the student body. To try to help with these problems, Mr. Stockstill and his aid, Mrs. Simpson are available for conferences with the students. It is reassuring to know that in the counselor's office students are likely to find help and understanding.

Librarians Aid Intellectual Development

For students who want added enlightenment in their high school years, the high school library is the place to find it. Excellent fiction, and non-fiction books are available as well as the valuable current magazines and papers.

English Classes Teach Individual Expression

Because the world of today is based on communication between people of all types, the mastery of English is a basic requirement. One of the main goals of the English Department is for the students to think independently and to learn by doing for themselves. English teachers of WHS strive not only to improve students' verbal communication and writing skills, but also to make them better people.

To help the students understand how the world became what it is, and how it functions in our time, the Social Studies Department is full of ideal helps. Government, world history, and other courses are excellent aids for the student body in their quest for understanding of today's complicated world.

Often unmentioned and unnoticed are the men and women who have the almost impossible task of maintaining the grounds, keeping the rooms clean, driving the bus routes, and preparing lunches for an average of 240 students a day. Cafeteria workers and custodians played a vital part in the appearance of WHS.

 You're the sweetest,
 nicest, most beautiful girl

Debbie
 even though
 you're a senior, have
 your Senior-itis, have
 shown less than others
 throughout your Senior year
 you have managed to maintain
 a great charm and sweet per-
 sonality which I'm sure was
 quite difficult with you
 a Senior. Anyway, I've
 enjoyed your company
 and brains immensely.
 Good luck in college
 and more luck with
 trying to get along
 with that brother
 of yours. Lol!

I'll be the Senior
 next year, in '71.

Juniors

Showing great potential, the Junior class took on many of the qualities of those influenced by the sign of Cancer. Ambition and Imagination helped to make the Junior-Senior Prom a success. The energy put forth while selling candy to finance the Junior-Senior Prom proved their willingness to work for others. While working on the prom, they inhabited an ability to work together which is attributed to their outstanding leadership. As leaders of tomorrow, they show leadership today.

We've had our differences in the past (S.B.) but after all is said & done, you're still a great friend of mine & I hope I'm one of yours. Stay as sweet, cute, & smart as you are & you'll go far (despite Gary).

I guess we've been through
all these years of turmoil together.
All of them have been good.
You're a great person and I'm
glad I know you. Stay
sweet always and best
wishes always.

Seniors

As twelve years of hard work come to a close, a senior has mixed feelings of sadness and relief. Seniors struggled through the halls with their beloved government notebooks and stacks of assignments. They wonder what life will be beyond the school doors that have encased them for many years. They have strived, attempting to make their last year the best.

LEFT: The officers of the Senior class are: Tim Faulk, Vice-President; Holley Warren, President; and Jerry Weaver, Secretary-Treasurer.

Because teenagers control a large part of the nation's wealth, they are closely associated with retail merchants, in that the success of their business depends largely on teenagers. By buying space in the yearbook, local merchants not only promote their businesses to the teenager, but also help finance the yearbook. The following pages represent those Weatherford merchants who are patronized by Weatherford students and who played a large part in making this book possible.

 "Sr. 70"

The dawning of a new age . . .

Out of the misty regions of man's superstitions and dreams, the science of astrology was conceived. Centuries of charting the paths of planets and stars have challenged the imagination of man as he searched for glimpses of his future and his destiny among the heavens. Now, on the threshold of a new decade and a new era, modern man finds a new fascination, a new meaning in the age old zodiac. For man has begun to fulfill the most ancient of all dreams. He has stepped off his planet and into the heavens to chart a new future, a new destiny.

Debbie,
It has been
great working on

one of the sweetest girls I
